

Record Yourself on *Zoom!*

How to quickly record your own video
on Zoom in 4 steps.

Before You Begin

Download Zoom

If you haven't downloaded Zoom for Desktop, head to zoom.us/download to download the app.

Sign In with Google

Sign In with Facebook

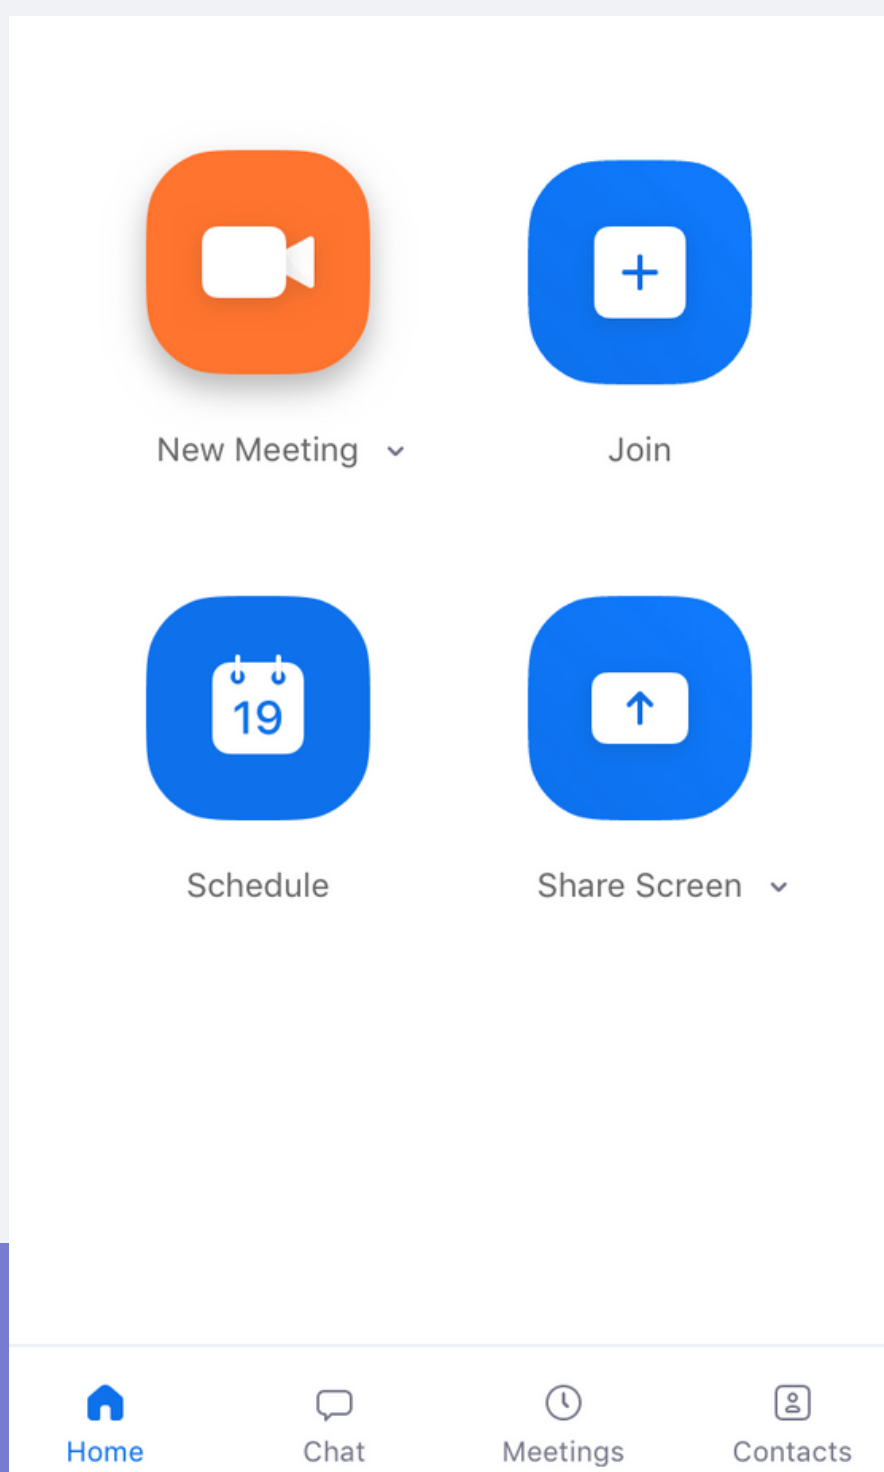

Open Zoom

Click the Zoom icon to fire it up!

New Meeting

Start a new meeting with...yourself! 😄

Step 1

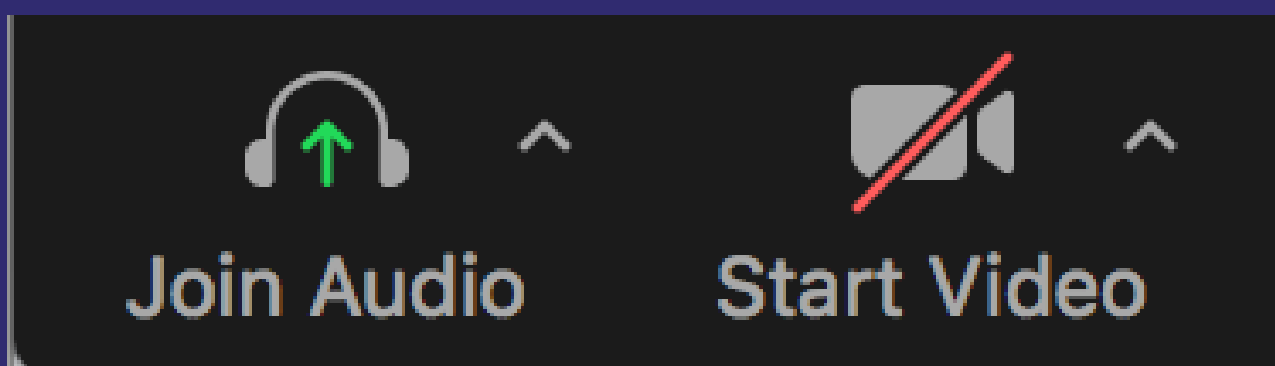

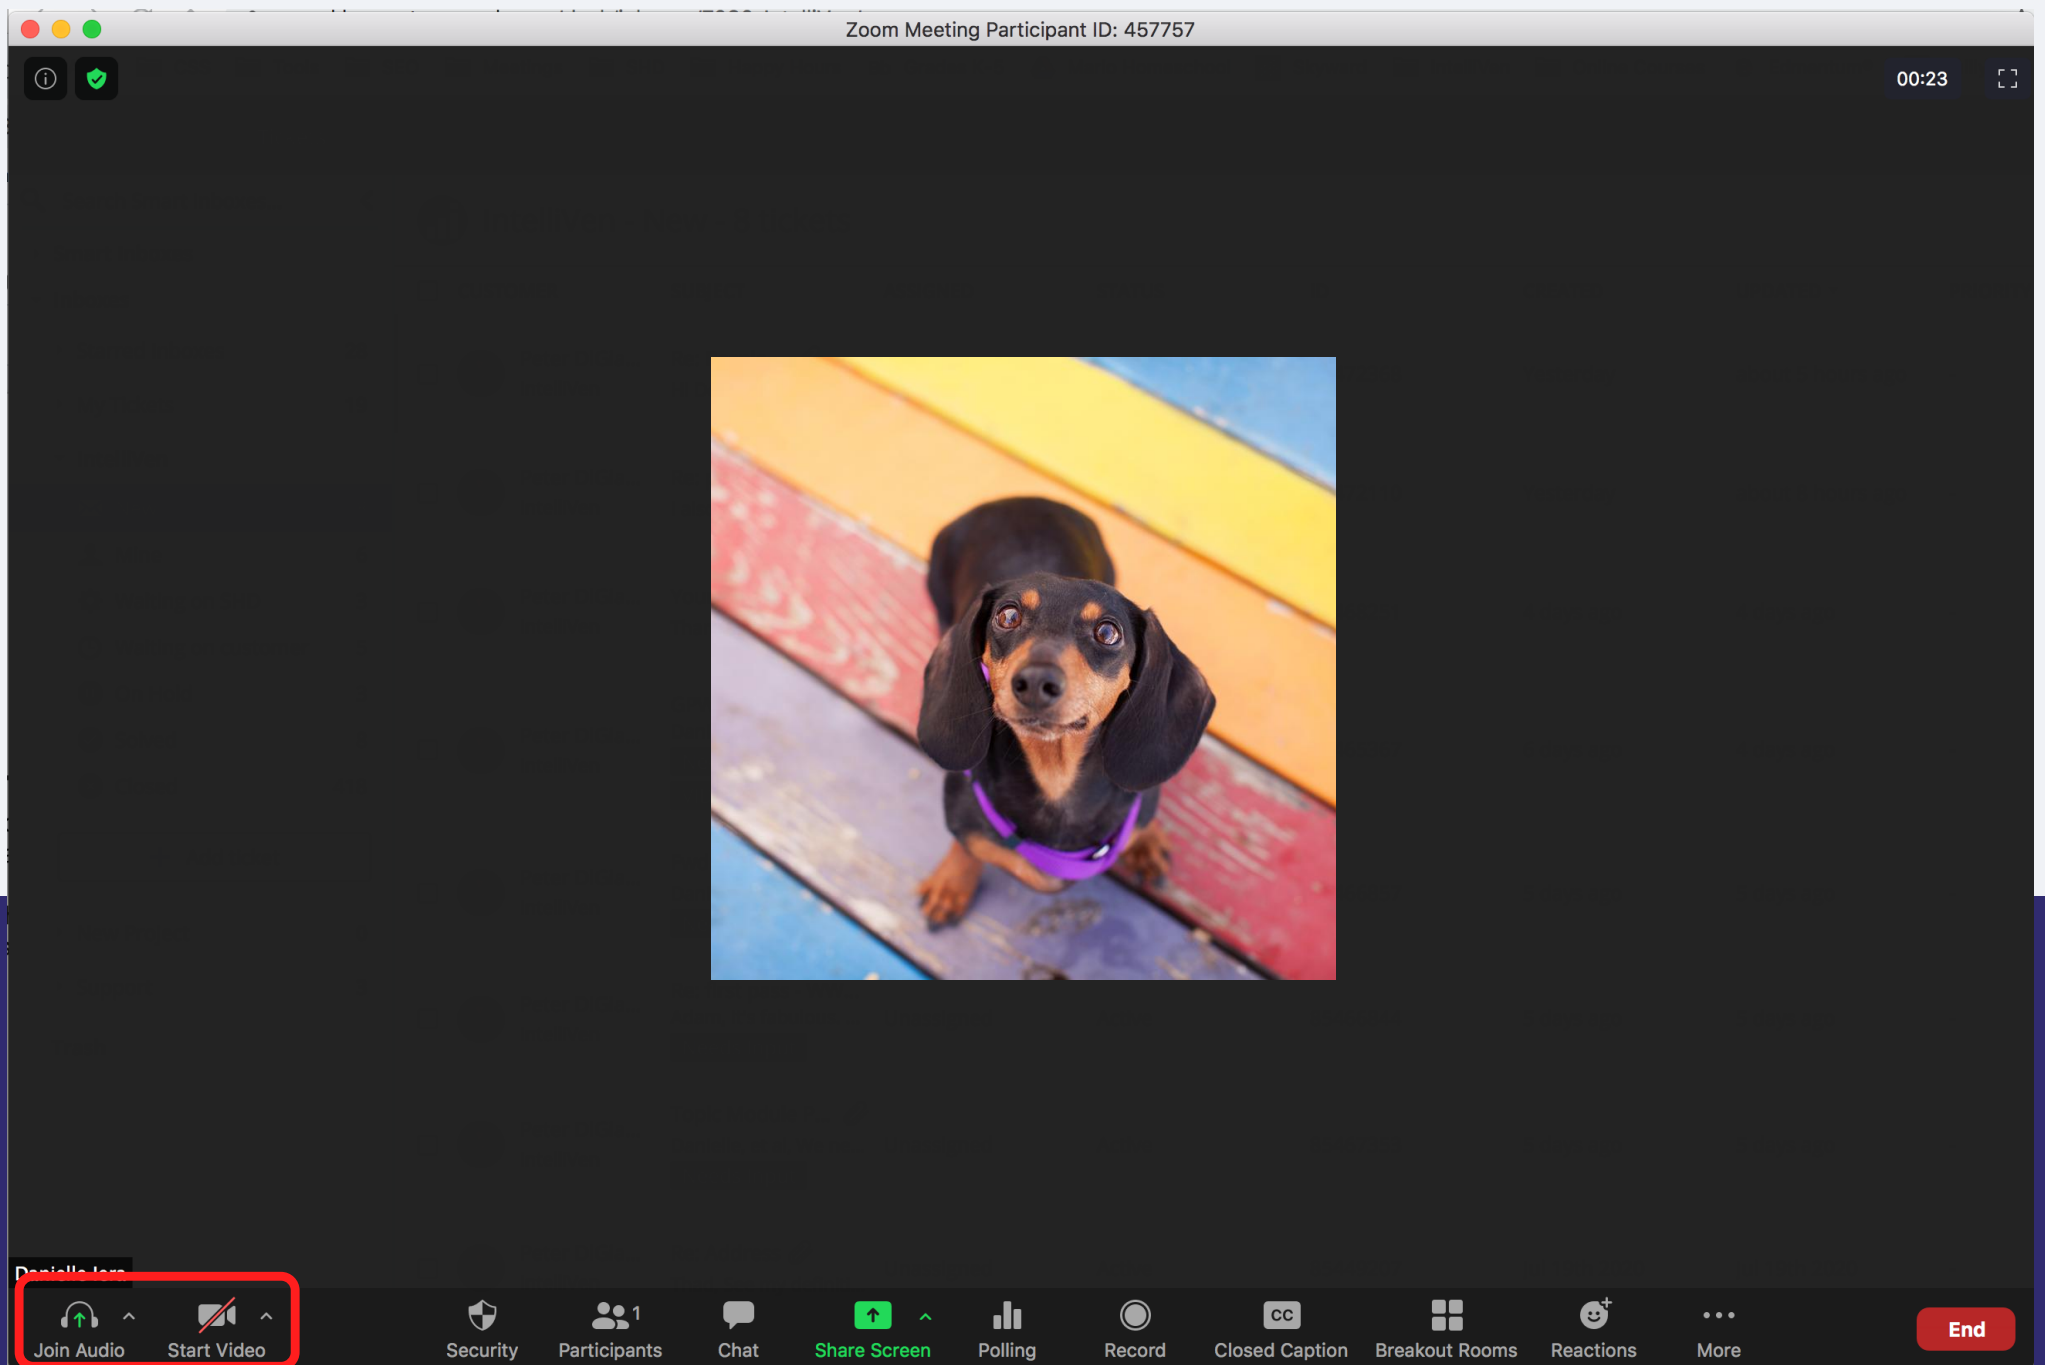

Open Zoom on your desktop computer.

SUPER IMPORTANT

Don't forget these two very important steps before you begin recording.

Steps 2-3

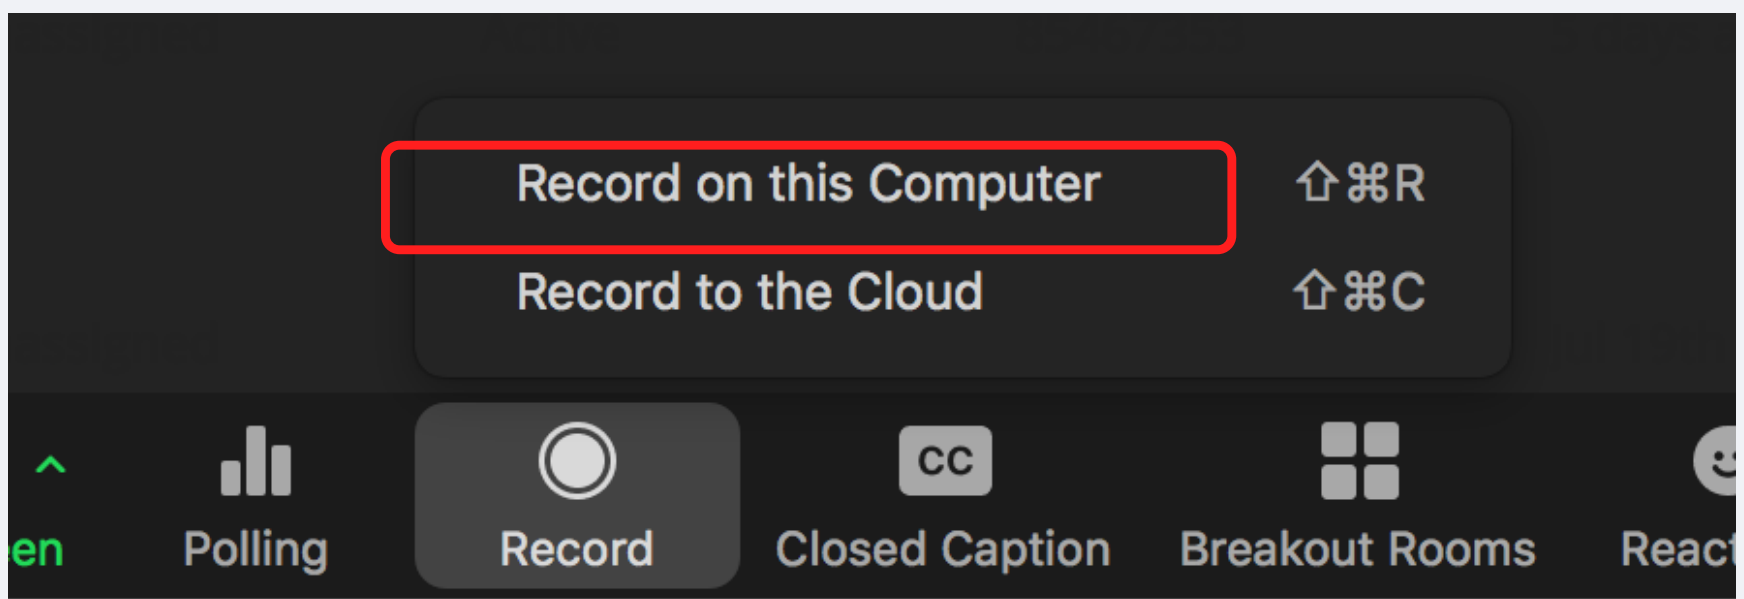

Audio / Video

Make sure you Join Audio and Start Video!

Step 4

Click Record, and Record on this Computer. After you end the meeting, a video file will be downloaded to your desktop.

Et Voilà!

Yay! Now, you've recorded your own video using Zoom.

Happy Zooming!
